“ *Sherm and I worked together at VA. I became his boss in 1991 and left to go to GSA in 1994. Prior to VA I was the DOT CIO and he and I worked on FTS-2000 together. We went through a lot and VA was in disarray at the time. I still remember how dedicated he was to his job and how passionate he was about spending the taxpayer's money wisely. His dedication to his job was exceeded only by his love and pride in his family. I will miss him.*
