Blue Remembrance - January 07, 2018 at 12:00 AM

“ *Stafford was my baby after mommy died. We drifted apart later in life and I hadn't seen him for about ten years. I don't know his children, but I love them. He was my brother and I thought he was close to perfect. He was the smart one. So now he has met our mother at last. I miss them both, and look forward to seeing them again someday*

I remember Stafford as a teenager. I only recently found out about his passing. As I remember he was a very articulate, and intelligent young man, and I can only imagine how much the loss of him effects his sister Bobbie Jean whom I know loved him dearly. My thoughts and prayers are with her and his family. Michael Davis
