“ Stephanie and family,

I was so shocked and saddened to hear of your tragic passing. We came to know each other this past year in our dealings with one of my caseload students who was a challenge, to say the least! Please know that you will always be part of the Hayfield family. It always seems like the brightest lights and God's greatest gifts are taken from us much too early. I will continue to pray for you and for your wonderful family. You will remain in our thoughts and in our hearts.

Candle of Peace - July 09, 2018 at 12:00 AM

“ Dear sweet family, I never officially met your friend, mom, wife...But my daughter is forever grateful for her. She went through some difficult times, was one of her ISS students and has been touched by her sweet spirit. My daughter expressed how she felt like Stephanie knew her troubles and helped her even though she never officially told her how much she went through. I hope and pray that you and yours have an infinite amount of peace and feel the sweet presence of Jesus during this difficult time. God Bless Samantha's mom

“ Oh Stephanie: I don't even know where to begin. You were one of the most friendliest and funniest people at Hayfield. I immediately was drawn to you because of your humor. Thanks for including me and my family with your family gatherings, favorite things, and those wild "Tupperware" parties. I hope Sandy is not reading this. :-) You cared for my family like we were part of your own. I'll miss your frank approach to life, your humor, your love and dedication to your family. Your family meant the world to you. I always told you I would be happy if I was half the mom you were. Thanks for always lending an ear and giving me advice. I mowed the grass today and felt your presence. (I hope there isn't a text quota on this thing.) Also, Nora told me she saw you outside today. Not sure if it's because we've been talking about you since you left us...I hope its true. Thanks for being a second grandma to my kids. We just love and adore you soooo much. We will meet again. in the meantime don't get too wild up there! Miss you my friend.

“ So very sorry to hear of this tragic news. I'm grateful to have had the privilege to be Reagan's elementary school teacher and will forever remember the great time I had sitting alongside you at one of her Gymnastics meets. We had a great conversation and several giggles, and it was so easy to feel right at home in your presence... You had that way of being so friendly and personable, just like a long lost high school friend. I send my love, prayers and condolences to your family. Reagan, I'm so very sorry. Sending you hugs and lots of love.

“ Stephanie, thank you for all that you did to support me, whether at school or during the lacrosse season. It was (and is) so great to see Chase play lacrosse. You always led the way with your heart, and passion for us at Hayfield. I have been reflecting these past few days since we lost you. You have so many friends who love you, and will miss you terribly. I hope that each of us continue to live the way you lived, with high character, compassion for others, and always striving to live life the right way.

“ I will miss you true friend. I will always remember our mornings bulling Chase for his lunch. Who can I vent to about teachers. Steph you were an exceptional person and as Bob said the suck it up butter cup worked. I miss you now God speed.

“ When we moved next door to the Wises in 2007, Stephanie brought us a large welcome basket of food because she knew I hadn't been shopping yet. She welcomed me into her home and invited me to several Bunco and Longaberger nights. She was funny and honest and real — a genuine person who loved people well. She loved her family fiercely, and I know they have many wonderful memories. God will give daily grace to process this painful loss. One day at a time.

“ Stephanie was one of the nicest people I’ve ever known. The amount of love she had for her family, friends and fur babies was amazing and she will be sorely missed. No matter if it was a week or a year since she had last seen you, it was as if no time had passed. Rest easy dear friend.

“ As sad as I am about Stephanie’s passing, I can hear her voice telling me to “Suck it up Buttercup!” I enjoyed working with Stephanie and she has left a lasting impression on me. Stephanie not only spoke it, she also walked it everyday. Her heart was huge and open to all that she came into contact with. I am sorry I will not be able to attend Saturday, but you can rest assured that I will have my flip flops on and a cold one will be lifted in her honor and memory. Rony, Taylor, Chase and Regan I send you all my love. Stephanie you will be a part of me and Hayfield forever. ❤️❤️❤️

“ I'm jealous that Heaven has you and we don't, but I totally get why God wanted you back. You had a way of making every one of your friends feel like they were your best friend when we all know deep down that was Rony. ♡ One day I'll see you again. I imagine we will spend a long time catching up, you'll probably have a lot of opinions on some of the decisions I make in the future, and I'm sure you'll give me a lot of hell over some of the things I end up doing in life, too. Until then, I know that you're watching over me and the rest of us because that's the kind of amazing friend that you are. I'll try to keep things interesting, I know it will be entertaining watching me hold my life together. RIP our dear Steph, I miss you 🧑🏻🧑🏻❤️ my heart goes out to the family ♡♡♡♡
