*Dear Rafi, I know how hard this is as I have been there. I hope your friends and family will help you in the upcoming months. The first 6 mos. are the hardest. Acute pain becomes a low and chronic ache eventually.*

*Just learned of my dear friend's death. I had known Susan for over 35 years as we shared offices at the IRS Chief Counsel's Office. We became fast friends and I enjoyed meeting her mother and spending time with Rafy. The last time that I spent time with Susan was just before Rafy retired when he brought Susan downtown for the two of us to have lunch together. I will always cherish fond memories of my time with Susan. Rafy, peace to you and your family. Laura Howell-Smith*
