“ Mitch and I were first cousins and grew up together. Even though we were not close as we grew older and started our own families - I always knew he was a special, caring & giving man and always looked forward to the times we did get to see each other. And to see the wonderful things spoken about him on this guestbook as well as what I have read on Facebook just magnifies how special he was. He lived through a lot of tough times in his life (some I was aware of and others probably not) but I do know he fought so hard to stay here on this wonderful earth. Let's all take comfort knowing that he is now free from suffering & pain and is finally at peace. He can be so proud of all his children - but I would like to commend both Tom & Tabitha for everything they did for their Dad - being at his side through it all; as well as keeping family and friends updated on his condition - you two are also amazing individuals who I respect for loving your Dad oh so much. Know that all of you are in my thoughts and prayers. With all my love..... Sheila

“ I thank God for allowing you to be in my life for even a short time it was. I think God for allowing me to receive your kind and loving ways the guidance and direction that you provided me and for me being able to call you pops if you were like a second father to me the only regret I have is not telling you this more often and keeping in touch with you I will not dwell on that regret I will dwell on the great things and great times that I had being in your household I will also rejoice in the fact that Heaven has received a wonderful soul into its ranks there's no doubt that we will miss you but there is no doubt that you made such an impact in everyone's life that your memory will never ever be forgotten so do not rest in peace to hell with that Restin Power and enjoy the hell out of those streets of gold
