

## Violeta Borgoño

November 21, 1952 - July 16, 2019

Violeta Borgoño was a wonderful woman that was loved, is missed, and will always be cherished. She was our “Mamita,” as she liked to be called by her three grandchildren, “Mami,” as she was called by her children, “Viole” and “Flaca,” as she was called by family and friends, she was an amazing wife, mom, daughter, sister, and a loving caregiver to her little daycare children which she loved as her own.

Violeta’s story starts on November 21, 1952 , the youngest child of Andres and Blanca Borgoño. Violeta was born in Lima, Peru. She spent her childhood in Peru, made many lifelong friends and went to school and received her degree to become a Secretary. She was the last of 6 siblings, which meant being the spoiled one.

In the 1980’s she followed her heart to the United States for the American Dream. She lived in New Jersey with her sister until she moved to Virginia where her son Jonathan was born in 1984 then married her love from Peru Enrique Caicedo. and shortly after her daughter Susan was born in New Jersey in 1986.

Violeta was a hard worker and never took no for an answer. She was determined and when she had her eye set on a goal she accomplished it. There were no excuses. In Peru, she didn’t have to work. She went to school

and studied hard. Her career began in the United States as a housekeeper for large hotel chains in New Jersey and Virginia. But once she had her two children and an awful experience with childcare she decided to stay home with Jonathan and Susan and start her childcare business. She later received her Child Development Associate Certificate through the Ft. Myers off-base childcare program, helped many military families moving in and out of the Washington, D.C. area and cared for children for over 30 years.

Her dream was to purchase a home and ensure her kids had the best education to follow their dreams. In November of 1997, her hard work paid off. Her family moved into her home on Meetinghouse Way in Alexandria, VA and spent their first Thanksgiving there. Both her children Jonathan and Susan went off to receive their college degrees and are currently working in their professions.

Violeta's grand children were her heart and joy. Her grand children were the people that she loved the most and they came into her life during a time where she needed it the most. The time spent at "Mamita's House" or "Mamita's School" will forever be cherished by her grand children. She helped raise them and never allowed anyone else to watch over her grand children as she did for her own children.

Violeta was a family woman and her life revolved around her entire family. Although she lived in Virginia and the majority of the family resided in New Jersey she made every effort to continue to visit the family and be there for important celebrations. She loved all her nieces and nephews, cousins, and extended family.

“ *Dear Tia,  
I never got the chance to say thank you, thank you for opening your home to us while my mom got a job to support us in Virginia. Thank you for taking care of me everyday after school. And as I got older thank you for the wise advice you gave me during a very difficult time in my life. You were a strong, caring woman and also very funny. I'll never forget your laugh or your voice. I love you Tia. Rest In Peace.*

*Love,  
Katty*
