

Wesley Charles Lipicky

October 25, 2008 - May 18, 2018

Of Alexandria, Virginia, on May 18, 2018. He is the cherished child of Josh W. and Amy D. Lipicky; grandson of Lynn and Sallie Dievendorf and the late Dr. Raymond John and Janet Lee Lipicky. A memorial service will be held at All Saints Sharon Chapel, 3421 Franconia Rd., Alexandria, VA 22310 on Thursday, May 24 at 3PM. In lieu of flowers, contributions may be made to Penguins International at <https://penguinsinternational.org/donations/wesley-charles-lipicky-memorial-fund/>.

Wesley was such a wonderful son. It's hard to put into words how much he means to so many. He was an excellent student, a true friend to so many, a wildlife (especially penguins) lover, a teammate, companion, and the best son any parent could have ever hoped for. It's so hard to imagine a world without his glowing presence. Amy and I will miss him more than we can ever express and hope that you will join us on Thursday to celebrate such a wonderful soul.

“ It's hard to believe it's been eight years since you passed. Not a day goes by where I don't think about you. You were one of my best friends in elementary school and the first person to show me kindness after I had moved to Virginia. The kindness you showed to me at a time when I felt lonely will never, ever be forgotten. Not only to me, but you were kind to everyone. You showed compassion to everyone and had the most infectious smiles ever, one that would light up an entire room. You had a way of making people around you feel cared about and seen, and I don't think a single person who has met you would think differently. I would always remember your love of penguins and how you were as big a Pokémon fan as I, all of those little things that made you special.

I was there the night the tragedy occurred, and being only in third grade, I would have never understood how much this memory would stay with me. Losing someone I held so closely to my heart changed me in ways I wouldn't understand at the time. Even after all the time that has passed, moments like that feel surreal to me, and moments where I wish I could rewind time and go back to being kids, playing together again.

Eight years later, I want you to know that you can never be forgotten. While time can keep moving, your memory will always stay with me. I will never forget your smile, your kindness, and the kind of friend you were to me. I will always be grateful to have known you and to be able to call you one of my best friends. I miss you, Wesley, and I always will.

“ *It's been almost seven years since we lost Wesley. I miss him so much. He and I were friends, and he was one of the first friends I made after I started second grade. He was funny, kind, and caring, and I miss him. What happened to him was awful, and the grief still haunts me, even in high school.*

The image is of a small penguin plushie I intended to bring to school as an offering, however my stepfather grounded me for trying to do it. I wish his parents the best, and I hope they're doing well. If the spirit of Wesley ever sees this, I just want him to know that I will always miss him, and that he will always be remembered as a kind person who made every day a lot better.

“ Wesley had such a profound presence. You could feel him in the room. Such a comforting and peaceful soul who was kind to everyone. When i reflect on our beach trips to rehobeth I always think of Wesley. The little sound of a scamper across the floor above. The first one up who could sit so quietly and entertain himself until others got up. This world will never be the same without him. Those who had the great fortune to know him will forever be changed by both his influence on them during his 9 years with us and by the painful loss of his presence in this world. We owe it to Wesley to continue to live with presence and purpose and exude the peace he provided to others.

“ I had the pleasure of meeting Wesley at the assessment for baseball this spring and coaching against him early in the season. I'll never forget the tough at bat he had against one of the league's best pitchers or the pride that poured out of Josh when he spoke about him. This is as heartbreaking as anything that I can remember. May God hold his family, friends and teammates in the palm of his hand. Rest easy Wes. You will never be forgotten.

“ Wesley was what my son JJ described as “his very best friend”. JJ always came home with tales of what he and Wesley did that day, how they sat together at lunch, traded Pokemon cards and just played at recess together. Not everyone takes the time with JJ as Wesley did because of JJ’s Autism and how quirky he is. However, Wesley was always kind and patient with JJ and we appreciated that greatly. It was nice to see JJ have that excitement about a friend. When JJ won the raffle at school for the breakfast with their teacher, he of course invited Wesley. Please accept our sincere condolences and know that we are praying for you. Wesley will be deeply missed.

“ Many teachers at St. John's ECEC remember sweet Wesley from 4 years ago. He was such a sweet young boy who loved animals and playing with his friends on the playground. He was always giving hugs and just so incredibly kind and sweet to everyone. I only knew him for a summer, but I still remember it like it was yesterday.

We are all so sorry for his tragic loss, and our hearts and prayers go out to his parents. We were all so shocked to hear the news and heartbroken over this tragedy. I know that nothing will truly heal the pain, but we pray for peace in your hearts and hope that God can help you through this difficult time.
