“ Even though you weren't my biological father, you were a father to me. You treated me like I was your own and I will forever be grateful for that. So many good times at the football and baseball games, sleepovers at your house, vacations, etc. I'm pretty sure you knew we would sneak out of the house at night but you never said anything. Why bother, right? You were such a great mentor not only to me but probably to the majority of kids in the Mt Vernon area. I thank Pam, Charlotte and Tag for sharing you with me. I will miss you Pops.

“ If I had have had the chance to chose a father it would have always been you. You gave me a wonderful life. A perfect example for the kind of man I needed to marry, to have as a father for my son. You helped raise my son just as if he was your own. You and my husband became Best Buds.
You will forever be a part of me. I will miss you horribly. I am forever grateful for the love you showered me with my whole life. I know the last couple of years have been so hard.
I'm glad you are finally at peace.
