“ *My thoughts and prayers are with you and the family in this difficult time. Celebrating life is a lot easier than mourning death. Colleen— your dad was such a strong beautiful example of what a dad should be. I hope and pray that you all find peace and comfort in knowing that he’s not suffering anymore. Thinking of you and sending all my love to your beautiful mother and sisters.*

Tender Tribute - November 16, 2017 at 12:00 AM

“ *My dad was so one of the happiest and kindest people I have ever encountered. He loved all of us so much and we have the fondest memories of him from our childhood. He was always up for playing games with us, coloring next to us in our coloring books, playing softball in the yard, bringing home stray dogs that we would care for until we found the owners, he brought box turtles he found at work that would live with us for a week before we "relocated" them, play Marco Polo in the pool until we had pruned skin, and one of our favorite games was the bucking bronco. I will miss watching him playing with my kids and reliving my childhood. he had an infectious smile and brought joy to so many people. You will be dearly missed Dad but never forgotten! Love you always!*
