“ I am going to miss you. Even though you were sick and me , also. We could relate that to our friendship. What a great lady you were and always will be. You were always recommending a few of your doctors to me. Not that I went to see them. Thanks. You were there to listen about my divorce, the union, and about the kids. I am blessed to have known you and have you as a friend in my life. Thank you for being the sweet, kind and wonder person you were. God Bless. To her dauhter and son, you already know what a wonderful Mother and friend in Yvonne you had and all the good memories, my prayers are with you all. Love, Kathy
