*Zach! My brother. I had no idea. I hadn't seen you in a while on socials... it's been a minute since we spoke... you've been on my heart. Seeing this broke it. Love you buddy. Sending big love to your family and honoring how special you were. I got a chance to meet the Zach behind the curtain and witness the love he carried in his heart and the desire to do great things in this life. His heart was bigger than what he showed to the world. I'm sorry to see he's fallen too early. My love and condolences to the family. 🙏*

“ *Zach, I wish I had known. I want you to know that in Wesley's honor we're pitching a method for preventing overdose and I'm going to attach your name so that it is in your memory too and you will save lives even in death. We love you. You were honorable and inherently good. I don't use those words lightly and I don't think the same if everyone but I do, you. I'll pray for you. Find my son, Wesley, and watch over him. And come visit Chris and I in some way some how. We will always remember you fondly as a great man!*
